

Fruit Salad

Fresh fruit of your choice (strawberries, apples, grapes, blueberries, clementines, bananas, raspberries...)

3 tablespoons maple syrup

2 tablespoons orange juice

1/4 teaspoon lime juice

1

Wash and cut (if necessary) the fruits and put them in a bowl. If you chosen bananas or raspberries for your salad, it's best to add them just before serving so they stay firm.

2

Add maple syrup, orange juice and lime juice and mix well.
